Social plugins

Our websites use social plugins of the providers listed below. The plugins can be recognized by the fact that they are marked with the appropriate logo.

These plug-ins may be used to send information, which may include personal information, to the service provider and may be used by the service provider. We prevent the unconscious and unwanted collection and transmission of data to the service provider through a 2-click solution. To activate a desired social plugin, it must first be activated by clicking on the corresponding button. We do not collect personally identifiable information by means of social plugins or their use.

We have no control over what data an enabled plugin collects and how it is used by the provider. At present, it must be assumed that a direct connection to the services of the provider will be expanded and at least the IP address and device-related information will be collected and used. It is also possible that the service providers try to save cookies on the computer used. Please refer to the privacy policy of the respective service provider to see which specific data is collected here and how it is used. Google AdWords

Our website uses Google Conversion Tracking. If you have reached our website via an advertisement sent by Google, Google Adwords will set a cookie on your computer. The conversion tracking cookie is set when a user clicks on a Google-served ad. These cookies lose their validity after 30 days and are not used for personal identification. If the user visits certain pages on our website and the cookie has not expired, we and Google may recognize that the user clicked on the ad and was redirected to this page. Each Google AdWords customer receives a different cookie. Cookies can not be tracked through AdWords advertisers' websites. The information gathered using the conversion cookie is used to generate conversion statistics for AdWords advertisers who have opted for conversion tracking. Customers are told the total number of users who clicked on their ad and were redirected to a conversion tracking tag page. However, they do not receive information that personally identifies users.

Datenschutzerklärung Eng.txt

If you do not want to participate in the tracking, you can refuse the required setting of a cookie - for example via a browser setting that generally disables the automatic setting of cookies or sets your browser to block cookies from the domain "googleleadservices.com".

Please note that you can not delete the opt-out cookies as long as you do not want to record measurement data. If you have deleted all your cookies in the browser, you must set the respective opt-out cookie again.
